

1. 2D Artwork Task

You are required to make 5 illustrations according to text description and sizes given in Section 3. You need to use your imagination to come up with images. Please email vector/raster graphics file to hr@technologyorbit.com with your CV. Successful candidates will be offered a job immediately.

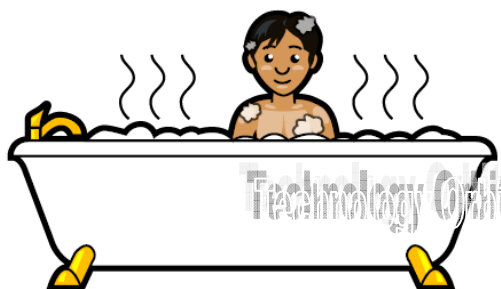

General note:

- Please ensure that people from different cultures and ethnicities are represented.
- Please note that vector graphics are more preferred.
- You can either send a final image or you can send multiple images showing all the stages, from sketching to final production.
- Section 2 contains few samples for your guidance.

2. Samples

1. A boy sleeping on the bed

2. A boy taking a bath

3. A scout camping and standing near fire. Looking Sad

4. A boy going upstairs. Environment is mysterious and shadowy.

5. A boy and a girl running

6. A bug

7. A girl eating banana

8. A boy and a girl fighting over a bike

9. A girl feeding a pet dog

10. A boy standing on rocks at the shore

3. Task

You need to produce following artwork. Sizes in pixels [width x height] is given before each image.

1. [300x200] A child next to a snowman. It is very obviously a cold winter's day.
2. [250x150]A child on a beach in summer. It looks very hot and sunny. The child is making a sandcastle.
3. [300x250]A child carrying shopping with Mum who has too much to carry
4. [400x300] Some children are playing a skipping game (mixed gender group- one child to be wearing glasses), with a child at either end twirling the rope and a group of children skipping together. A girl is standing to one side watching. She looks sad.
5. [200x150]A shoplifter is running from the shop. A guard is chasing him.
